**Presentation:**

Sauk annually seeks to reaffirm its mission, vision, values, and strategic plan (found on [Sauk's website](#)) to ensure they continue to reflect the needs of the community and the direction of the Board of Trustees.

Research and Planning has been working with IT to update the strategic planning dashboard. Additionally, work has begun to create strategic dashboards for departments across the college.

During the upcoming fiscal year, work will begin on the next iteration of Sauk's strategic plan, which will involve both internal and external stakeholders. The new strategic plan will represent a vision of where the institution will need to be in five years.
