

**Sauk Valley Community College**  
**June 28, 2021**

**Action Item 5.13**

**Topic:**                   **Software Purchase Approval**

**Strategic Direction:** **Goal 1, Objective 1 – Identify and remediate barriers to student access**

**Presented By:**       **Dr. David Hellmich and Kent Sorenson**

**Presentation:**

CampusLogic is a financial aid software solution that assists the College and students in navigating the documentation requirements necessary for students to apply for and receive financial aid. The College will be entering into its second year of use of this software solution in FY 2022.

Year two of the CampusLogic contract totals \$35,107. Illinois Public Community College Act (110 ILCS 805) and SVCC Board Purchasing Policy (305.01) exempt contracts for the use of software from public bid / solicitation requirements.

The purchase will be funded through the College's Title III grant program.

**Recommendation:**

The administration recommends the Board approve year-two contract for CampusLogic for \$35,107 to be funded with restricted grant funds.
