Action Item 4.5

Topic: Tuition and Fee Adjustments – Sonography Program

College Health Metric: Financial Stability – The College uses its revenue prudently while pursuing and utilizing alternative revenue streams. Investment in programs, personnel, processes, and infrastructure are carefully considered and supported by College Planning.

Presented By: Dr. David Hellmich and Kent Sorenson

Presentation:

Tuition and fee adjustments were approved during the February 2024 Board of Trustees meeting. The Sonography Program had not been approved by the Illinois Community College Board (ICCB), so a fee was not assessed. Now that approval has been obtained from both the ICCB and the Higher Learning Commission, course fees for the program can be determined. Consistent with the Radiologic Technology program, a fee of \$23 per credit hour is proposed.

Recommendation:

The administration recommends the Board approve the Sonography program course fee of \$23 per credit hour beginning after July 1, 2024.
