The AES does not include the entire general education core curriculum. Students who earn an AES will complete additional gen ed courses after transfer and must complete the gen ed requirements of their selected transfer university.

* A total of 6-9 hours of approved courses is required in the Humanities/Fine Arts and Social/Behavioral Sciences general education categories. Six hours requires a substitution form. See an SVCC academic advisor.

** Suggested Engineering Speciality courses; students may select other approved courses in this area.

{ } Lab optional but highly recommended.

^ COM 131 should be completed only if the transfer institution recommends completing it before transfer.

Please work with your SVCC advisor in planning coursework.

Note: UIUC requires completion of foreign language either in college and/or high school. See an SVCC advisor for details.
