

Transfer Degree Plan

B.S. Agriculture - Agricultural Science

How the Transfer Degree Plan Works

- This transfer plan leads to a Bachelor of Science (B.S.) degree in Agriculture - Agricultural Science at WIU. Students will fill out applications for both schools, consult the advisors and catalogs from both schools for specifics. This completion guide is designed for bachelors degree completion by taking courses at both Sauk Valley Community College and Western Illinois University (WIU). This guide assumes students have met all course prerequisites required by Sauk Valley Community College and admission requirements for WIU.
- Upon completion of the requirements at Sauk Valley Community College, students will receive an Associate in Science degree with a concentration in Agriculture - Crop and Soil Science. Students will be required to complete the Agriculture - Agricultural Science core requirements at WIU, and upon completion of the final curriculum requirements students will receive the B.S. degree with a major in Agriculture - Agricultural Science at WIU. In general, a minimum of 64-66 semester hours (s.h.) will be taken at Sauk Valley Community College at Sauk Valley Community College rates and 60 s.h. from WIU at WIU rates.
- A minimum cumulative grade point average of 2.00 should be achieved by the junior year.
